

TOMBSTONE OF THE USA

Professor Joseph Olson of Hemline University School of Law, St. Paul, Minnesota, points out some interesting facts concerning the Presidential election:

- Number of States won
by: Democrats: 19; Republicans: 29
- Square miles of land won
by: Democrats: 580,000; Republicans: 2,427,000
- Population of counties won
by: Democrats: 127 million; Republicans: 143 million
- Murder rate per 100,000 residents in counties won
by: Democrats: 13.2; Republicans: 2.1

Professor Olson adds: "In aggregate, the map of the territory Republicans won was mostly the land owned by the taxpaying citizens of the country. Democrat territory mostly encompassed those citizens living in government-owned tenements and living off various forms of government welfare..."

Olson believes the United States is now somewhere between the "complacency and apathy" phase of Professor Tyler's definition of democracy, with some forty percent of the nation's population already having reached the "governmental dependency" phase.

If Congress grants amnesty and citizenship to twenty million criminal invaders called illegals and they vote, then we can say goodbye to the USA in fewer than five years. If you are in favor of this, then by all means, delete this message.

If you are not, then pass this along to help everyone realize just how much is at stake, knowing that apathy is the greatest danger to our freedom.
