

## The Socialist's Attack Handbook

### Methods of Operation

- Economic confusion or creation of an economic condition of instability
- The complete control of print and news media
- The implanted ideology of government that a certain leadership personalities are the infallible solution
- Convince the industrialists or those who have free market abilities of a future prosperity in your ideals and gather those individuals who have a lust for power around you; then take control of those businesses
- Have no moral conscience for life
- No sense of truth, all truth must be distorted
- Lead a conception of true happiness is to sacrifice for the cause, or the state. No matter what, guilt must be a conscience control weapon
- You must be your own god, moral absolutes are forbidden
- Those that have a God must be discredited, by your own religion because you are your own god and no thoughts can be truly righteous but your own
- The complete control of the education system; all must be trained to bow before the higher god who they are to serve and to sacrifice for, trained cattle for the eventual slaughter for the cause, or struggle
- The complete control of the judicial system. The view of laws and judicial matters are all in ones perception. Pick your perceptions, with weak kneed Republican Party, and extremely socialist judges to get the decisions you want
- Symbols are to be employed to create a new unity in the direction of your complete domination for your ideals and territorial conquests; most of all your complete domination of a once free people
- Peace for safety has to be engaged for a successful withdrawal of all human resistance, spirit to resist, a complete crushing of human dignity
- A Reichstag fire must be employed to convince the people to surrender their freedoms for safety
- Create the impression that those who do not agree with you are a deterrent to the true goals and prosperity of the nation
